## PUBLISHERS NOTE

The information in this Directory is gathered by an actual door to door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

# INTRODUCTION AND GENERAL INDEX

---

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Plymouth City Directory. (In all, HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city and suburban Directories).

Confidence in the growth of Plymouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the City Directory is a mirror truly reflecting Plymouth to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Plymouth City Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the City Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Plymouth, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The City Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of

Plymouth, and the name, official personnel, nature and address of each firm and corporation in the city. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

### **Municipal Publicity**

The City Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Plymouth.

There are more than 800 of these Directory Libraries, installed and maintained in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## Statistical Review

FORM OF GOVERNMENT—Municipal, Council-Manager. Incorporated as a town, 1807.

POPULATION—4,774 (1970 U. S. Census); local estimate at present, 7,512.

AREA—2.61 square miles.

ALTITUDE—19.50 feet above sea level.

CLIMATE—Mean annual temperature, 59.9 degrees F.; average annual rainfall, 51.15 inches.

ASSESSED VALUATION—\$8,750,000, with \$1.80 per \$100 tax rate.

BONDED DEBT—\$790,000.

FINANCIAL DATA—2 banks and 2 savings and loan associations.

POSTAL RECEIPTS—\$103,541.67.

TELEPHONES IN SERVICE—2,265.

CHURCHES—20, representing 11 denominations.

BUILDING AND CONSTRUCTION—Building permits issued in 1970 were valued at \$158,920.

REAL ESTATE—Number of homes 2,500, with about 62% owned by occupants.

INDUSTRY—Chief industries of the city and surrounding territory are manufacturing, agriculture and lumbering. Number of manufacturing establishments 7, employing 3,200 persons. Principal manufactured products are paper, plywood, lumber, food and chemicals.

TRADE AREA—Retail area has radius of 15 miles, and population of 13,959. Wholesale area has radius of 15 miles, and population of 13,959.

NEWSPAPERS—Daily 2; Sunday 2; weekly 1.

RADIO BROADCASTING STATIONS—1: WPNC.

MOTELS—4, with total of 90 rooms.

RAILROADS—City served by 2 railroads: Seaboard Coast Line and Norfolk & Southern.

HIGHWAYS—The following highways run through, or to, the city: U.S. 64 and State 32, 99 and 45.

AIRPORTS—2 Private owned. 1 city owned.

AMUSEMENTS—Largest auditorium in city seats 2,000 persons. Number of moving picture theatres 1, with total seating capacity of 400 persons. Number of golf courses 1.

HOSPITALS—1, with total of 50 beds.

EDUCATION—Number of public schools 3, with 1 senior high school (grades 9-12). Number of pupils in public schools, 3,738. Number of teachers in public schools, 160. Value of school property, \$1,164,176.

PUBLIC LIBRARIES—1, with total of 12,000 volumes.

CITY STATISTICS—Total street mileage 19.86, with 14.42 miles paved and 1.00 miles under construction. Number of water meters 1,900; light meters 2,800. Capacity of water works, 1,584,066 gallons per day,

with daily average pumpage of 750,000 gallons per day. 16.20 miles of mains, and plant valued at \$1,500,000. Fire department has 2 paid men, with 1 station and 4 pieces of motor equipment. Value of fire department real estate and equipment, \$85,000. Police department has 8 men, with 1 station and 2 pieces of motor equipment.

The town of Plymouth, situated on the southern bank of the Roanoke River eight miles west of Albemarle-Sound, is the County seat of Washington County, in the Coastal Plain area of northeastern North Carolina. It is located approximately 130 miles east of Raleigh, 95 miles southwest of Norfolk, Va. and 500 miles south of New York City. Primarily an agricultural area, there are no other communities as large as Plymouth in Washington County. The town was founded in 1780, with the gift of a site by a former resident of Plymouth, Massachusetts, and soon became a thriving shipping point.

Today, this section is mostly concerned with developing its natural resources and utilizing the varied agricultural products of its rich farm lands. The industrial expansion has been encouraged and welcomed by the citizens of the area, and the warm hospitality and neighborliness of the vicinity have made newcomers feel at home.

Plymouth and the adjacent areas are within overnight reach of more than 30 million people, representing a market of well over 70 billion dollars a year.

### Climate

Plymouth's relatively mild climate gives the area an unusually long growing season, and its average annual rainfall has been 51.15 inches. The coastal plains are affected somewhat by the modifying influence of the ocean, and consequently reduces the variation in both seasonal and daily temperatures. Average for January is 43.7 degrees, and for July, 77 degrees.

### Population

Since the founding of the town, the growth of Plymouth has been moderate but steady. Statistics show a 29.5% decrease in rural population. The population of Plymouth itself has increased 82.4% from 1940 to 1950, the same 10-year period, showing a definite trend toward urbanization. With a population of 4,774 in 1970, a conservative estimate of today's population would exceed 7,500 inhabitants.

### Terrain and Natural Resources

This region, generally flat, is characterized by sandy loam soil with some fertile, black land. It has been built up by unconsolidated and semi-consolidated sands, gravels, loams, clays and marls of a relatively recent geologic age.

Industrialists have investigated possibilities of recovering ilmenite from the black sands in Albemarle Sound for use in paints and pigments.

The total land area of Washington County is 215,040 acres (336 sq. mi.). Approximately 50% of this area is wooded, which amounts to 152,500 acres of forest. Dominant species in this area are second-growth long leaf and loblolly pine. Commercially, the chief tree is the loblolly pine. This species replaces the once magnificent forest of long leaf pine that formerly covered the sandy soil of this locality. Among the soft woods there is the Savanna or pocosin pine that is usually found in the swamps; hardwoods found in this area include the oak, hickory, ash, sweetgum and black gum. The deeper swamp lands yield such trees as the gum, cypress, and white cedar, the latter known locally as juniper. These forest resources play a tremendously important role in this county's economy.

## Town Government

The Town of Plymouth, incorporated in 1807, has a Council-Manager form of government, with a mayor and six councilmen, elected for two-year terms. Both town and county have a planning commission. Any zoning problems in the town of Plymouth are brought before the Board of Adjustment. There is no zoning ordinance for the county. The tax rate for the town is \$1.80 per hundred, based on 50% valuation. Plymouth has a bonded debt of \$837,000.

## Municipal Services

Operating from a modern municipal building in the business district, the City Police Department has a regular staff of a chief, four night officers, three day officers and 2 women dispatchers. In addition, the county sheriff, his deputy and two state policemen are stationed here. Police equipment includes a two-way radio, radio-equipped automobiles, and network communication with state police facilities. A Police Investigation Network has been added. Fire hydrants are located throughout the corporate limits of the town. Three fire trucks are centrally located in the fire station next to the municipal building. In addition, the Fire Department has an ambulance to use in emergencies and in rescue operations. A 27-man volunteer fire department holds regularly scheduled drill meetings and municipal employees are available twenty-four hours a day for driving duties should the need arise.

The Street Department, Water and Sewer Departments, and the collection of garbage and refuse are very efficiently carried out under the direction of the city manager with the help of selected crews.

Electricity is supplied in the area by the Virginia Electric and Power Co., which has district and division headquarters in Williamston, N. C., and general offices in Richmond, Va. The company has a capacity of over one and one-third million kilowatts. Electricity is available at 60 cycles alternating current, single and three-phase service, and can be supplied at 120-208, 120-240, 480, 2300 volts, or at higher voltages, depending on the customer's requirements and specific locations. Rates for service are comparable with rates in effect elsewhere and compete advantageously with other sources of power.

Modern telephone facilities are furnished the town of Plymouth by the Carolina Telephone and Telegraph Company. The system used is the dial system, and this company has seventy-two toll circuits which are maintained twenty-four hours daily and seven days a week.

Water and Sewage: Plymouth has a municipally-owned water system, supplied from two deep wells, with an average capacity of 1,440,000 gallons per minute. For storage, the town has a new upright tank and pumps, which averages 800,000 gallons per day. A new water pollution control plant is now in operation on the Roanoke River.

## Community Facilities

The modern schools which the children of Plymouth and Washington County attend are fully accredited and offer elementary and high school curricula. Special courses, such as music, home economics, vocational agriculture, and commercial subjects are available to both white and colored students. The new high school on Main Street in Plymouth also has several television classes and a gymnasium with a seating capacity of 1600 students.

The Washington County Public Library, located in Plymouth, provides ample facilities and service for the surrounding area, and provides a bookmobile with scheduled trips to cover the entire county. There is also a branch library in town, and a Creswell Branch in Creswell. The local library is open five and a half days a week, remaining open until 9 p.m. two nights each week.

Spiritual fellowship and guidance are found by the residents locally, in churches representing nearly all major denominations. Plymouth has 20 churches, all of which have active, cooperative congregations.

### Civic Organizations

There are over 20 active clubs and organizations in Plymouth, including the P.T.A., Rotary Club, Lions, Junior and Senior Chambers Of Commerce, Masonic Lodge, Eastern Star, and Veterans of Foreign Wars. The Plymouth County Club, one of the best in northeastern North Carolina, has a nine-hole golf course, swimming pool, club house for members and guests, and is the center of much social and recreational activity locally.

The Annual Water Festival is held on the Roanoke each year, usually in July. This event is sponsored by the Plymouth Junior Chamber Of Commerce with the assistance of other civic groups. Among the features are stunt water skiing, floats and boat races. Another annual event in Plymouth is the completely religious Christmas Pageant held in early December. The festivities are held outdoors and carries the theme of putting Christ Back Into Christmas.

### Medical Facilities

The new 50-room Washington County Hospital, plus a roomy bassinnet ward, is located in the town of Plymouth. The practitioners include four medical doctors, resident surgeon, two dentists, optician and chiropractor. Plymouth is fortunate to have a medical clinic in the heart of town which is very well and efficiently staffed with resident physicians and nurses. The Clinic is equipped for major and minor surgery. Physicians are constantly in contact with the clinic through two-way radio.

### Accommodations

Year around accommodations are furnished by the Plymouth County Club, Freeman's Motel, Roanoke Lodge, and Pine Tree Motel, U. S. 64 By-Pass. Other rooms are available in private homes throughout the vicinity.

### Communications

The Roanoke Beacon, published weekly in Plymouth, carries local and world news and events. Out of town daily papers are also distributed county-wide, including New York, Maryland, Pennsylvania and Eastern Virginia publications. Radio Station WPNC began operations in 1959, and serves northeastern North Carolina with high fidelity AM radio operating on 1,000 watts and 1,470 kilocycles. It is very well and modernly equipped and operated by a most efficient and capable staff. It has already proven to be a tremendous asset not only to Plymouth, but to the surrounding areas as well.

### Recreation and Sports

In and near Plymouth are enough forms of recreation to suit the desires of everyone. The many facilities of the beaches on the Albemarle Sound offer bathing, boating, water skiing, and fishing. There is a motion picture theatre and a lighted baseball park, home of our Little League and Babe Ruth League teams. Dancing and dinners are periodically sponsored by local civic groups. The Recreation Commission of the Town of Plymouth offers a supervised program of recreation for eight weeks each summer.

Fishing and hunting are also very popular locally. Phelps Lake, stocked with bass, and Pettigrew State Park, are a short thirty minutes drive southeast of Plymouth. There are boats for rent at both Phelps and Pungo Lakes, and the bass fishing is unusually good. Quail, geese, ducks and small game, especially squirrels, are plentiful in this area. Bear and deer hunting is extremely good. The many famous Atlantic beaches on the Southeastern seaboard are also within short driving distance of this section.

### Industry

In recent years, industrial growth has increased to such an extent in and around Plymouth that manufacturing has surpassed even agriculture in employment. Lumber for wood pulp and other wood products is the predominate type of industry in the county, with the resulting largest employment in the huge Weyerhaeuser plant, which produces approximately 1400 tons of paperboard daily for corrugated shipping containers and milk containers. They also manufacture southern pine plywood and fine paper, which are the new expansions of Weyerhaeuser in Plymouth. The Georgia Pacific Company finds a ready market for its fine plywood in the ever-growing furniture industries of the Carolinas and Virginia.

The True Temper Corp. utilizes the forestry products of the area in the manufacture of handles for tools and equipment; American Cyanamid's plant producing liquid alum markets its products locally. Plymouth Pallet Co. manufactures pallets for use by local industry. The Smith Brothers Chemical Company manufacturers of cleaning fluids and allied chemical products for the dry cleaning industry markets its products nationally. Plymouth Garment Co., manufactures children's clothes. In addition, The East Carolina Supply Company (mill supplies and associated items), and the Seaboard Gas & Oxygen Service, fulfill a definite need for this area.

The people of Plymouth are anxious to expand the county's industrial base and to diversify its economy. Existing industry would also welcome non-competitive industrial growth and the county can assure an adequate labor supply for additional industries. It is believed that the farmer group that has entered the labor market to supplement its present income would be enlarged considerably if additional industrial opportunities should arise. Some of this area's chief assets are, with respect to industrial development, (1) an abundance of available labor; (2) excellent transportation facilities; (3) relatively untapped water resources, both ground and surface; (4) a high level of recreational and educational facilities; (5) a year-round outdoor climate that permits low-cost construction; (6) access to an abundance of raw materials, and (7) an atmosphere of hospitable congeniality. Furthermore, the county's makeup fits admirably to meet the recent trend toward decentralization of the nation's defense and civilian industry—frequently termed "accessible isolation." At present, there are 17 industrial sites available comprising approximately 1,117 acres of land.

### Agriculture

Washington County possesses three main advantages agriculturally: climate, soil, and a proximity to national markets. The mild climate here adds to an unusually long growing season for crops such as pean-  
nuts, tobacco, soybeans, potatoes, cotton, corn, truck crops, grain crops, and some commercial grape culture. Local drying and storage facilities are at the farmer's disposal. The farms found in this area are largely field crop farms and make up about 33.7% of the total land area. Livestock is becoming an important factor in the area, and we also have important livestock and farming demonstrations and research that is conducted at the Federal State Tidewater Research station, five miles from Plymouth.

### Transportation

East and West traffic through Washington County is served by U. S. Highway 64. The movement of through traffic on this highway is facilitated by a new by-pass bisecting the southern perimeter of Plymouth and another by-pass at Roper. State Highways 32 and 99 serve north-south traffic. Highway 32 has junctions with U. S. Highway 17, some 30 miles to the north of Plymouth and with U. S. Highway No. 264, about the same distance to the south. This fine network of roads enables direct

highway travel to the entire East Coast. By contacting the Plymouth and Washington County Chamber Of Commerce, arrangements can be readily made for travel anywhere by car, bus, rail, plane, or boat.

The Roanoke running back of Plymouth's business district has available docking space and a channel averaging 30 feet in depth, providing the town with excellent possibilities for increased water borne traffic, and is within easy reach of the Intracoastal Waterway from Albemarle Sound. Local citizens and organizations are already attempting to further develop this part of town to the height of its potential.

### Commercial Establishments

240 local retail establishments include 2 chain department stores, 2 major chain supermarkets, 2 major chain variety shops, 3 drug stores, a dairy bar, several locally owned ready-to-wear shops, farm supply and equipment agencies, service stations, grocery, hardware, appliance and jewelry stores. Boats and sports equipment can be bought in two of the above. Included in the ready-to-wear are two high fashion ladies' shops. Plymouth also has three new car dealers, garages and four furniture stores. Service trades include barber shops, beauty parlors, restaurants, florists, cleaning establishments and a soft drink bottling plant.

Seven lawyers have offices here along with several insurance agencies, and a CPA. Three real estate developers also have offices here.

Thirteen wholesale firms distribute hardware and associated items, building supplies, and petroleum products.

Among the financial institutions are the Branch Banking and Trust Company, The Planters National Bank and Trust Company, the Plymouth Savings and Loan Association and Home Savings and Loan Association of Greenville and Plymouth.

As local businesses remodel and expand, along with our new shopping center. Plymouth is rapidly becoming a most inviting shopping area.

### The Chamber Of Commerce

The Plymouth and Washington County Chamber Of Commerce opened a full time office in 1959. Its membership is made up of business, professional men and farmers in this section; it is set up to include the divisions for industrial, agricultural, civic, tourist and retail departments, which are headed by a committee of able men.

The influence of this organization as a leader in the area will continue to be behind every progressive movement and to use its agencies for the best interests of the entire community. The management of the Chamber is in the hands of a Board of Directors and a full-time manager. Under the direction of the Chamber, City Manager, Town Council and Mayor, and with the support of every citizen of the community, all are making improvements to make Plymouth a better place for people to live, work and play.

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

★ **The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED** ★

## ***Out of Sight! - Out of Mind! - Out of Business!***

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

# **A STATEMENT of ADVERTISING PRINCIPLES**

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

# **Power of Advertising**

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

# USE YOUR ALPHABETICAL DIRECTORY FOR .....

## — *Efficiency...* IN EVERYDAY BUSINESS TRANSACTIONS

Accurate names and titles for  
correspondence  
Complete Mailing Addresses  
including apartment numbers  
Identifies signer of letters, statements  
or checks

Changes in employment, address, etc.  
for up-dating files  
Accurate corporation and company  
names and principal officers  
Identifies payments on accounts with  
same or similar names

## — *Investigations ... SAVES TIME AND CUTS COSTS*

Identifies individuals, applicants, etc.  
Verifies employment  
Shows wife's name and employment  
Locates references and relatives

Homeowners identified  
Shows information about people  
without telephones  
Indicates "double-income" families

## — *Cashing Checks...* PROTECTS AGAINST BAD CHECKS

Identifies the stranger  
Verifies address, occupation,  
employment

Reveals possible false statements  
Provides information for  
"test" questions

## — *Collections...* RECOVERS \$\$\$ FROM UNPAID ACCOUNTS

Traces "skips," shows where now  
living  
Indicates job "skip" now has and  
where employed

Locates relatives of "skip" shows  
their address and employment  
Locates former business associates,  
friends and others who knew "skip"

## — *Try This...* (OLD N.G.'s, DELINQUENTS AND "RETURNED AS UNCOLLECTABLE")

Look up the names in your newly delivered city directory. Changes of address may be found.  
Check for employment. New employer may provide a contact. This should be a standard  
procedure as soon as you receive your copy of the new city directory.

## — *Sales...* A POWERFUL SALES TOOL

Where Employed?  
Indicates earning potential, buying ability  
Opportunities  
Identifies business interests  
Indicates buying power of neighborhood  
Business Owner? Officer?  
Who's who in your community?  
Identifies business associates, additional  
prospects, leads  
Business Firm? Corporation?  
Principal Officers, owner, partners,  
manager, director  
Shows location of branch offices  
Type of business or services

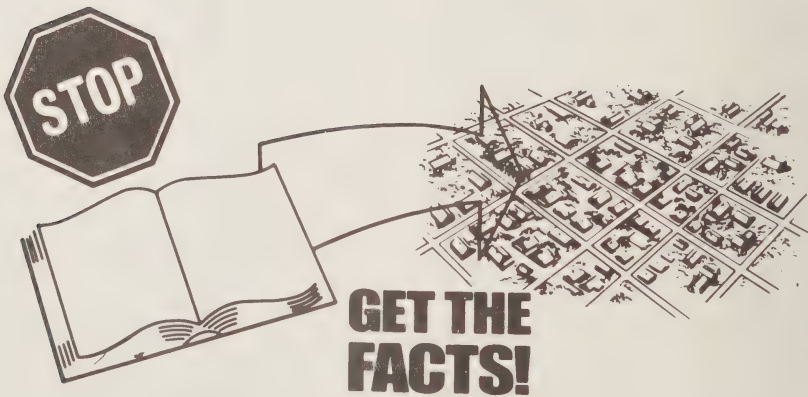

Householders  
Indicates heads of families,  
roomers, other adults in family  
Shows students 18 yrs., or over,  
members of armed forces, retirees  
Married? Single?  
Shows wife's name, middle initial  
Identifies single adults,

~~Are Both Husband And Wife Employed?~~  
Identifies double-income families  
Shows when evening call is required  
Permits detailed qualification and  
selection of prospects

# UNITED STATES SAVINGS BONDS

# City Directory Advertisers

**Classified Business Directory** . . . the names and addresses of all business and professional firms listed under appropriate headings.

**Alphabetical Directory** . . . all adult residents including: name—marital status—address—occupation—employer—homeowner or renter—householder or resident—retiree—widow—student—member of Armed Services, etc. AND . . . all business and professional firms including: Firm name and address—officers—owners—partners—managers—products or services.

**Street Directory of Householders and Businesses** . . . Every street address including: Individual Householder—telephone number—homeowner or renter—new resident—apartment building—business firm—type of business—office building—street description—intersecting streets—ZIP codes, etc.

**Numerical Telephone Directory** . . . Telephones in number sequence including: Individual name—business firm name—pay telephones, etc.

FAMILIES WHO RENT

"VACANTS" . . . AND  
UNDER CONSTRUCTION

HOMEOWNERS

By having and using your own copy of the local City Directory, you can positively identify—and reach—the kind of person, business firm and family that are most likely to be in the market for the type of product or service that you sell. Through the City Directory you'll be reaching the individuals and businesses with the top purchasing power in your community . . . those who consistently buy when they want to buy, not when they have to.

By advertising in your local City Directory, you can make sure these same people can identify and locate YOU.

You join with the backbone of your community business life: you become an integral part of the permanently established, successful firms in your community when you advertise in your local City Directory. This is prestige advertising without the financial penalties normally associated with prestige advertising.

TELEPHONE: PAY STATION

*It's the most efficient use  
of your advertising dollar*

NEW NEIGHBOR

Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publisher at the address in the front of your Directory.

# STREET DIRECTORY of HOUSEHOLDERS and BUSINESSES

The Street Directory information is secured by an actual door to door canvass and includes these important features:

Street Name and Address

Occupants

Home Owners

Telephone Numbers

New Householder This Edition

Apartment Residents

Office Building Occupants

Types of Business or Profession

Street Descriptions

Zip Codes

Street Intersections

Addresses showing No Return indicate that after repeated efforts the publisher was unable to obtain information.

# USE YOUR STREET DIRECTORY FOR ...

## — *The Most Comprehensive List of Occupants By Addresses*

- BY NEIGHBORHOOD, AREA, SECTION OF CITY
- BY NEW "MOVE INS" ON EACH STREET
- BY PROPERTY OWNERSHIP
- APARTMENT OR OFFICE BUILDING OCCUPANTS
- ZIP CODES

## — *Neighbors Of Your Present Customers...*

Identifies friends, neighbors of present customers

Permits mail, telephone or personal contact of prospects

Identifies home businesses or professions

Identifies prospects not in telephone book

Identifies householders

Reveals new families in your area

Shows renters on each street

## — *Identification - Collections - "Skip" Tracing*

Verifies home ownership and other information concerning applicants

Lists all occupants of apartment and office buildings

Shows telephones of neighbors of "skip" for obtaining new address or information

Shows nearby businesses who may know applicant or "skip"

## — *Deliveries And Service Calls... AVOID DELAYS -- SAVE TIME AND DOLLARS*

Verifies addresses

Locates nonexistent or illegibly written house numbers and streets

Shows location of intersecting streets

Shows apartment numbers and occupants of each apartment

Permits verification of telephone orders and defeats "prank" calls

## — *Emergency Use... CLOSEST NEIGHBOR...NEAREST PHONE*

Especially helpful to law enforcement agencies, public service organizations, members of the medical profession, schools, hospitals and others where immediate contact is frequently necessary to save lives, prevent crime, apprehend criminals and in many other emergency situations.

# **When You Want to Know:**

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on  
a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems  
that pop up unexpectedly to annoy and  
baffle you.**
- you can quickly find the answer  
in the City Directory.**

# NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

# NUMERICAL TELEPHONE DIRECTORY

## BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

dial code

numbers in sequence

name of telephone subscriber

### DIAL 282 PLUS THE FOLLOWING FOUR DIGITS

## WHAT'S IN A PHONE NUMBER?

### ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

### ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

# **A STATEMENT of ADVERTISING PRINCIPLES**

- 1. GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
- 2. GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
- 3. GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
- 4. GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
